## FEDERATION OF WESTERN OUTDOOR CLUBS

Established in 1932 for Mutual Service and for the Promotion of the Proper Use, Enjoyment  
 and Protection of America's Scenic Wilderness and Outdoor Recreation Resources.

1995

November 15, 1995

### Members and Member Clubs of the Federation of Western Outdoor Clubs:

One of the most pleasant and most rewarding activities of the Federation occurs at the Annual Meeting. The attending representatives of the various Member Clubs bring written Resolutions for the careful consideration of the Resolution Committee. The latter, in turn makes, recommendations as to which of these resolutions should be considered by the Board of Directors. Deciding which Resolutions to endorse is NO rubber-stamp operations, and the resultant discussions of the recommended Resolutions can get pretty heated, on occasion!

But after all the sound and fury has subsided, there's a general feeling of "well-done" by all the participants and the Board of Directors, and there's also a feeling of thankfulness that this task won't have to be tackled for another year.

The enclosed resolutions are those submittals which the Resolutions Committee recommended and which the Board of Directors approved. (often after modifications). Since the FWOC contains a great variety of outdoor organizations, there's a comparable variety in the Resolutions.

Note that most Resolutions suggest actions to be taken on YOUR PART to put the collective thinking of the FWOC into the hands (and hopefully) the minds of policy makers and decision makers. Doing this is extremely important to ensure we, and those who follow us, get to continue to enjoy the Great Western Outdoors. We'd be very glad to here what your reaction is to these resolutions; you can convey your comments to us via the FWOC Secretary.
